

## Global Environment Facility Small Grants Program ( GEF SGP)

**Grant award USD 10000.00**

**Name of project:** GEF SGP and Civil Society networking to build capacity to address environmental issues

The main objective is to form a Network of SGP Grantees past and present along with other environmental interest groups

1. To have a more upscaled organised body
2. To build capacity of members and the organisation to be functional
3. To access grants/ fundings to implement projects on a broader scale (either through one or more member organisations or larger projects at a national level.
4. To build partnerships with like-minded organisations in other countries especially those with SGP Grantees
5. To be a support team and representative body for member organisations.
